VOLUME 47 : SUBJECT INDEX

A

Abdominal aortic aneurysms, Pain, blood loss, and death from leaking abdominal aortic aneurysms, 272: *correspondence*, 964

Abdominal mass, Fat necrosis presenting as obscure abdominal mass: Birefringent saponified fatty acid crystalloids as a clue to diagnosis, 1028

Acetohydroxamic acid, Cytotoxic activity of *Helicobacter pylori* enhanced by acetohydroxamic acid: *correspondence*, 188

Acetowhite change, Cytokeratin expression and acetowhite change in cervical epithelium, 15

Acid base concentration, Effects of changes in acid base and calcium concentration on fasting serum insulin, proinsulin, and glucose concentrations, 982

Acid fast bacilli, Safer staining method for acid fast bacilli: *correspondence*, 286

Activator-inhibitor complex, Tissue plasminogen activator, plasminogen activator inhibitors, and activator-inhibitor complex in liver disease, 214

Acute phase response, Monitoring the acute phase response to vaso-occlusive crisis in sickle cell disease, 166

Adenocarcinoma, Staining pattern of type IV collagen and prognosis in early stage adenocarcinoma of the lung, 613

Adenocarcinoma sequence, Evidence for adenoma-carcinoma sequence in the duodenum of patients with familial adenomatous polyposis, 709

Adenoma-carcinoid tumour, Composite glandular-carcinoid tumour of the terminal ileum, 427

Adenovirus, Immunohistochemical and in situ hybridisation detection of adenovirus early region 1A (E1A) gene in the microglia of human brain tissue, 275

Adenovirus pulmonary infections, Adenovirus pulmonary infections identified by PCR and in situ hybridisation in bone marrow transplant recipients, 973

***Aeromonas* sp isolates**, Assessment of a chemiluminescent universal probe for taxonomical and epidemiological investigations of *Aeromonas* sp isolates, 642

Age related changes, Age related histomorphometric changes in bone in normal British men and women, 529

AIDS

AIDS presenting as focal segmental membranous glomerulopathy, 179

CD4+ lymphocytopenia due to common variable immunodeficiency mimicking AIDS, 364

EB9, a new antibody for the detection of trophozoites of *Pneumocystis carinii* in bronchoalveolar lavage specimens in AIDS, 1108

Management of pulmonary aspergillosis in AIDS: an emerging clinical problem, 805

PCR detection of HIV proviral DNA (*gag*) in the brains of patients with AIDS, 990

Rapid diagnosis of cytomegalovirus encephalitis in patients with AIDS using in situ hybridisation, 886

Alkaline phosphatase anti-alkaline phosphatase

Improved double immunohistochemical staining method for cryostat and paraffin wax sections, combining alkaline phosphatase anti-alkaline phosphatase and indirect immunofluorescence, 597

Specificity and sensitivity of immunocytochemistry for detecting P-glycoprotein in haematological malignancies, 619

Alpha$_1$-antitrypsin, Purification of α_1-antitrypsin monomer by preparative electrophoresis, 661

Amerlite MAB FT$_4$ assay, Spuriously high free thyroxine with the Amerlite MAB FT$_4$ assay, 181

Aminopeptidase-n, Expression of aminopeptidase-n (CD 13) in normal tissues and malignant neoplasms of epithelial and lymphoid origin, 43

Amoebiasis, Rapid latex agglutination test for extraluminal amoebiasis, 647

Amyloidosis, Mixed systemic amyloidosis in a patient receiving long term haemodialysis, 560

Anal intraepithelial neoplasia, Interobserver variation in the reporting of the histopathological grading of anal intraepithelial neoplasia, 1032

Anaplastic carcinomas, p53 expression in anaplastic carcinomas arising from thyroid papillary carcinomas, 337

Aneurysms, Pain, blood loss, and death from leaking abdominal aortic aneurysms, 272: *correpsondence*, 964

Angiocentric invasion, Angiocentric invasion by lentigo maligna melanoma, 183

Anti-neutrophil cytoplasmic antibodies, Neutrophil cytoplasmic antibodies (p-ANCA) in ulcerative colitis, 257

Anticoagulants, Examination of International Normalised Ratio (INR) imprecision by comparison of exact and approximate formulas, 635

Antiganglioside antibodies, IgM gangliosides GM1 antibodies in patients with autoimmune disease or neuropathy, and controls, 300

Antiviral treatment, Quantification of HIV by PCR in monocytes and lymphocytes in patients receiving antiviral treatment and low dose recombinant human granulocyte macrophage colony stimulating factor, 855

Aortic adventitial inflammation, Cytokine gene expression in aortic adventitial inflammation associated with advanced atherosclerosis (chronic periaortitis), 721

API Coryne system, Evaluation of API Coryne system for identifying coryneform bacteria, 756

Apocrine metaplasia, Apocrine metaplasia: a new type of Müllerian metaplasia: *correspondence*, 94

Apolipoprotein B-100, Comparison of immunoturbidimetric and Lowry methods for measuring concentration of very low density lipoprotein apolipoprotein B-100 in plasma, 176

Apolipoproteins, Serum lipids, lipoproteins and apolipoproteins in pregnant non-diabetic patients, 728

Archival tissue, Rapid techniques for DNA extraction from routinely processed archival tissue for use in PCR, 318

Argyria, Systemic argyria, 556

Aspergilloma, Gastrointestinal tract aspergilloma: possible cause of malabsorption, 170

***Aspergillus* infection**, Management of pulmonary aspergillosis in AIDS: an emerging clinical problem, 805

Atherosclerosis, Cytokine gene expression in aortic adventitial inflammation associated with advanced atherosclerosis (chronic periaortitis), 721

Audit, Audit of deaths from cervical cancer: proposal for an essential component of the National Screening Programme, 27: *correspondence*, 867

Auramine O staining, Evaluation of a safe sputum processing method for detecting tuberculosis, 411

Auricle, Endochondral pseudocyst of the auricle, 961

Autoimmune disease, IgM ganglioside GM1 antibodies in patients with autoimmune disease or neuropathy, and controls, 300

Autoimmune haemolysis, Erythrocyte autoantibodies, autoimmune haemolysis, and carcinoma, 340

Automated microbiological assay, Automated microbiological assay of thiamin in serum and red cells, 639

Avidin-biotinylated peroxidase complex, False positive immunoreaction in products of conception, 1118

AZT, Quantification of HIV by PCR in monocytes and lymphocytes in patients receiving antiviral treatment and low dose recombinant human granulocyte macrophage colony stimulating factor, 855

B

B cell monoclonality, Sources of DNA for detecting B cell monoclonality using PCR, 493

Bactec NR blood culture media, Rapid organism identification from Bactec NR blood culture media in a diagnostic microbiology laboratory, 796

Bactec phials, Clinical usefulness of detecting growth of *Mycobacterium tuberculosis* in positive Bactec phials using PCR: *correspondence*, 190

Bacteraemia, Bacteraemia caused by *Campylobacter* spp, 174

Barrett's adenocarcinoma, Expression of *c-erb*B-2 oncogene product in Barrett's adenocarcinoma: pathological and prognostic correlations, 23

Bayesian belief networks, Expert system support using Bayesian belief networks in the diagnosis of fine needle aspiration biopsy specimens of the breast, 329

BCG immunotherapy, Induction of ICAM 1 expression on bladder tumours by BCG immunotherapy, 309

Bence-Jones proteinuria, Electrophoretic study of the physico-chemical characteristics of Bence-Jones proteinuria and its association with kidney damage, 1090

Benign familial hyperphosphatasaemia, Benign familial hyperphosphatasaemia: *correspondence*, 187

Bernard-Soulier syndrome, Acquired pseudo-pseudo Bernard-Soulier syndrome complicating Gaucher's disease, 162

Beta lactamase, Detection of β lactamase in sputum, 732

Bile duct numbers, Cytokeratin immunostaining for detection of biliary epithelium: its use in counting bile ducts in cases of liver allograft rejection, 303

Bilharzia, Vitamin K dependent coagulation proteins in endemic hepatosplenomegaly in Egypt, 502

Biliary epithelia
Cytokeratin immunostaining for detection of biliary epithelium: its use in counting bile ducts in cases of liver allograft rejection, **303**
Pancreatic enzymes in the epithelium of intrahepatic large bile ducts and in hepatic bile in patients with extrahepatic bile duct obstruction, **924**
Biochemistry services, Regional and supraregional biochemistry services in Scotland: a survey of hospital laboratory users, **395**
Birefringent saponified fatty acid crystalloids, Fat necrosis presenting as obscure abdominal mass: Birefringent saponified fatty acid crystalloids as a clue to diagnosis, **1028**
Bladder tumours, Induction of ICAM 1 expression on bladder tumours by BCG immunotherapy, **309**
Blood borne infections, Blood exchanged in ritual ceremonies as a possible route for infection with hepatitis C virus, **87**
Blue paraffin wax blocks, Blue paraffin wax blocks: a solution to the problem: *correspondence*, **187**
Bone, Age related histomorphometric changes in bone in normal British men and women, **529**
Bone marrow
Application of fluorescence in situ hybridisation to chromosome analysis of aged bone marrow smears, **508**
Assessment of proliferative activity in leukaemic bone marrow using the monoclonal antibody Ki-67, **209**
Glutathione S-transferases in bone marrow metastases of disseminated neuroblastoma, **468**
Massive bone marrow necrosis and postnecrotic myelofibrosis in a patient with primary thrombocythaemia, **674**
Bone marrow lymphocyte subsets, Bone marrow lymphocyte subsets in myelodysplastic syndromes, **505**
Bone marrow transplant
Adenovirus pulmonary infections identified by PCR and in situ hybridisation in bone marrow transplant recipients, **973**
Varicella zoster gastritis in a bone marrow transplant recipient, **1054**
Book reviews
Adler C-P, Kozlowski K. Primary bone tumors and tumorous conditions in children. Pathologic and radiologic diagnosis, **383**

Williams RA, Myers P. Pathology of the appendix, **682**
Young JA, *editor*. Fine needle aspiration cytology, **572**
Zaman V. Atlas of medical parasitology, 3rd edn, 1992, **869**
Borderline nuclear changes, Borderline nuclear changes in cervical smears: guidelines on their recognition and management: *leader*, **481**
Bouin's reagent, Comparison of formalin and Bouin's reagent for fixation of coagulase negative staphylococcal biofilm, **1044**
Bovine spongiform encephalopathy, Perceptions of prion disease: *leader*, **876**
Bowel infection, Association of Clinical Pathologists' surveys of infection in British clinical laboratories, 1970-1989: *leader*, **391**
Brain, Immunohistochemical and in situ hybridisation detection of adenovirus early region 1A (E1A) gene in the microglia of human brain tissue, **275**
Brain fixation, Brains at necropsy: to fix or not to fix?, **718**
Brain smear technique, Update on central nervous system cytopathology. II. Brain smear technique: *leader*, **683**
Breast cancer (carcinoma)
Benign lymph node inclusions mimicking metastatic carcinoma, **245**: *correspondence*, **868**
Carcinoma of stomach and breast with lymphoid stroma: localisation of Epstein-Barr virus, **538**
Comparison of new immunohistochemical assay for oestrogen receptor in paraffin wax embedded breast carcinoma tissue with quantitative enzyme immunoassay, **900**
Demonstration of oestrogen receptors in paraffin wax secretions of breast carcinoma using the monoclonal antibody 1D5 and microwave oven processing, **90**
Expression of aminopeptidase-n (CD 13) in normal tissues and malignant neoplasms of epithelial and lymphoid origin, **43**
Immunohistochemical and biochemical analysis of the oestrogen regulated protein pS2, and its relation with oestrogen receptor and progesterone receptor in breast cancer, **240**
Simple method for comparing reliability of two serum tumour markers in breast carcinoma, **134**
Breast cytodiagnosis, Expert system support using Bayesian belief networks in the diagnosis of fine needle aspiration biopsy specimens of the breast, **329**
Breath, Metabolic and environmental origins of volatile organic compounds in breath, **1052**
Bromodeoxyuridine
Comparison of labelling by bromodeoxyuridine, MIB-1, and proliferating cell nuclear antigen in gastric mucosal biopsy specimens, **122**
In vitro bromodeoxyuridine labelling of renal biopsy specimens, **1085**
Bronchial biopsy specimens, Observer variability in histopathological reporting of malignant bronchial biopsy specimens, **711**
Bronchial secretions, Diagnostic value of examining bronchial secretions in pulmonary cytopathology: *correspondence*, **477**
Bronchoalveolar lavage, EB9, a new antibody for the detection of trophozoites of *Pneumocystis carinii* in bronchoalveolar lavage specimens in AIDS, **1108**
Bronchoscopic alveolar lavage, Granulomatous *Pneumocystis carinii* pneumonia: DNA amplification studies on bronchoscopic alveolar lavage samples, **664**
***Brucella* infection**, Chronic *Brucella* infection of the supra-patellar bursa with sinus formation, **764**

C
c-erbB-2 oncoprotein
C-*erb*B-2 immunostaining: problems with interpretation, **816**
Expression of c-erbB-2, c-myc, and c-ras oncoproteins, insulin-like growth factor receptor I, and epidermal growth factor receptor in ovarian carcinoma, **914**
Expression of *c-erb*B-2 oncogene product in Barrett's adenocarcinoma: pathological and prognostic correlations, **23**
Immunohistochemical demonstration of *c-erb*B-2 oncoprotein in gastric adenocarcinoma: comparison of cryostat and paraffin wax sections and effect of fixation, **117**
c-myc oncoprotein
Expression of c-erbB-2, c-myc, and c-ras oncoproteins, insulin-like growth factor receptor I, and epidermal growth factor receptor in ovarian carcinoma, **914**
p53, c-*myc* p62 and proliferating cell nuclear antigen (PCNA) expression in non-Hodgkin's lymphomas, **9**
C-polysaccharide antigen, Diagnosis of *Streptococcus pneumoniae* pneumonia by quantitative enzyme linked immunosorbent assay of C-polysaccharide antigen, **749**
c-ras oncoprotein, Expression of c-erbB-2, c-myc, and c-ras oncoproteins, insulin-like growth factor receptor I, and epidermal growth factor receptor in ovarian carcinoma, **914**
C reactive protein, Comparison of two automated quantitative immunoassays for the determination of C reactive protein concentrations, **1119**

CagA/cytotoxic strains, CagA/cytotoxic strains of *Helicobacter pylori* and interleukin-8 in gastric epithelial cell lines, **945**
Calcium
Effects of changes in acid base and calcium concentration on fasting serum insulin, proinsulin, and glucose concentrations, **982**
The investigation of hypercalcaemia, **579**: *correspondence*, **1057**
Campylobacter spp, Bacteraemia caused by *Campylobacter* spp, **174**
Capnocytophaga canimorsus, *Capnocytophaga canimorsus* in peripheral blood smears: *correspondence*, **681**
Carcinoma, Erythrocyte autoantibodies, autoimmune haemolysis, and carcinoma, **340**
CaSki cell line, PCR in situ hybridisation detection of HPV 16 in fixed CaSki and fixed SiHa cell lines, **933**
CD3-large granular lymphocytosis, Clonality of CD3 negative large granular lymphocyte proliferations determined by PCR based X-inactivation studies, **399**
CD4+ lymphocytopenia, CD4+ lymphocytopenia due to common variable immunodeficiency mimicking AIDS, **364**
CD30 expression, Relation of CD30 expression to survival and morphology in large cell B cell lymphomas, **33**
CDw52 antigen, Immunohistochemical analysis of CDw52 antigen expression in non-Hodgkin's lymphomas, **313**
Cell adhesion molecule expression, Comparison of cell adhesion molecule expression in cutaneous leucocytoclastic and lymphocytic vasculitis, **939**
Cellulosic dialysis membranes, Complement activation by cellulosic dialysis membranes, **155**
Central nervous system
Update on central nervous system cytopathology. I. Cerebrospinal fluid: *leader*, **573**
Update on central nervous system cytopathology. II. Brain smear technique: *leader*, **683**
Cerebrospinal fluid
Bilirubin, ferritin, D-dimers and erythrophages in the cerebrospinal fluid of patients with suspected subarachnoid haemorrhage but negative computed tomography scans, **986**
Blood stained cerebrospinal fluid responsible for false positive reactions of latex particle agglutination tests, **1116**
Update on central nervous system cytopathology. I. Cerebrospinal fluid: *leader*, **573**
Cervical cancer
Audit of deaths from cervical cancer: proposal for an essential component of the National Screening Programme, **27**: *correspondence*, **867**
Coexistence of episomal and integrated HPV16 DNA in squamous cell carcinoma of the cervix, **253**
Cytological changes preceding cervical cancer, **278**: *correspondence*, **569**
Cytological screening and management of abnormalities in prevention of cervical cancer: an overview with stochastic modelling, **430**
Negative cytology preceding cervical cancer: causes and prevention: *correspondence*, **188**
Cervical carcinogenesis, Role of human papillomavirus in determining the HLA associated risk of cervical carcinogenesis, **1077**
Cervical epithelium, Cytokeratin expression and acetowhite change in cervical epithelium, **15**
Cervical intraepithelial neoplasia
Human papillomavirus detection by hybrid capture and its possible clinical use, **649**
p53 immunoreactivity in cervical intraepithelial neoplasia and non-neoplastic cervical squamous epithelium, **1073**
Cervical neoplasia, Human papillomaviruses and cervical neoplasia. I. classification, virology, pathology, and epidemiology: *leader*, **1066**
Cervical screening, Cervical screening: *correspondence*, **867**
Cervical smears
Borderline nuclear changes in cervical smears: guidelines on their recognition and management: *leader*, **481**
Interobserver variation in the diagnosis and grading of dyskaryosis in cervical smears, **515**
Prevalence of Epstein-Barr virus in the cervix, **92**
Cervical squamous epithelium, p53 immunoreactivity in cervical intraepithelial neoplasia and non-neoplastic cervical squamous epithelium, **1073**
Chemiluminescence, Ultrastructural study of two patterns in the interaction of *Helicobacter pylori* with neutrophils, **667**
Chemiluminescent universal probe, Assessment of a chemiluminescent universal probe for taxonomical and epidemiological investigations of *Aeromonas* sp isolates, **642**
Chemotherapy, Non-transferrin bound iron and neutropenia after cytotoxic chemotherapy, **350**
Chlamydia pneumoniae, Prevalence of *Chlamydia pneumoniae* antibodies in patients with acute respiratory infections in Israel, **232**
Cholecystitis, Liver changes associated with cholecystitis, **457**
Chromosome analysis, Application of fluorescence in situ hybridisation to chromosome analysis of aged bone marrow smears, **508**
Chronic prolymphocytoid leukaemia, Chronic prolymphocytoid leukaemia with an unusual immature immunophenotype, **461**
CIN3, Histological features of CIN3 and their value in predicting invasive microinvasive squamous carcinoma, **799**
Cirrhotic liver, Distribution of plasminogen activator inhibitor in normal liver, cirrhotic liver, and liver with metastases, **218**
Clonal analysis, Clonal analysis of three morphologically distinct lymphomas occurring in the same patient, **1038**
Clonal thymic T cell expansion, Pure red cell aplasia associated with malignant thymoma, myasthenia gravis, polyclonal large granular lymphocytosis and clonal thymic T cell expansion, **676**
Clostridium difficile, Evaluation of three commercial enzyme immunoassay kits for detecting faecal *Clostridium difficile* toxins, **954**
Clotted blood, Rapid and simple method for preparation of genomic DNA from easily obtainable clotted blood, **1043**
Coagulase negative staphylococci
Comparison of formalin and Bouin's reagent for fixation of coagulase negative staphylococcal biofilm, **1044**
Crystal violet reactions of coagulase negative staphylococci, **283**
Effects of culture media on detection of methicillin resistance in coagulase negative staphylococci: *correspondence*, **380**
Pathogenicity and virulence of coagulase negative staphylococci in relation to adherence, hydrophobicity, and toxin production in vitro, **743**
Cobras Micro system, Comparison of Vitek and Cobas Micro systems with a semiautomated conventional microsystem for identification and susceptibility testing of Gram negative bacilli, **71**
Coeliac disease, Pitfalls in diagnosing coeliac disease, **693**
Colectomy, Liver lesions found at colectomy in ulcerative colitis, **1019**
Collagen, Staining pattern of type IV collagen and prognosis in early stage adenocarcinoma of the lung, **613**
Collagenase
Distribution of the matrix metalloproteinases stromelysin, gelatinases A and B and collagenase in Crohn's disease and normal intestine, **113**
Effect of collagenase on nerve fibre teasing, **774**
Colonic antigens, Expression of colonic antigens by goblet and columnar epithelial cells in ileal pouch mucosa: their association with inflammatory change and faecal stasis, **834**
Colorectal tumours, Colorectal tumours and pit pattern, **880**
Combination endocrine treatment, Effects of combination endocrine treatment on normal prostate, prostatic intraepithelial neoplasia, and prostatic adenocarcinoma, **906**
Common variable immunodeficiency, CD4+ lymphocytopenia due to common variable immunodeficiency mimicking AIDS, **364**
Complement, Complement activation by cellulosic dialysis membranes, **155**
Composite glandular-carcinoid tumour, Composite glandular-carcinoid tumour of the terminal ileum, **427**
Conception, False positive immunoreaction in products of conception, **1118**
Consultant, Measurement of medical staff overload: *correspondence*, **381**
Corrections, **96**, **682**, **870**, **1058**
Corticosteroids, Type 1 procollagen as a marker of severity of scarring after sternotomy: effects of topical corticosteroids, **892**
Corticotrophin secretion, Oncogenic hypophosphataemia and ectopic corticotrophin secretion due to oat cell carcinoma of the trachea, **80**
Corynebacteria, Polymerase chain reaction for screening clinical isolates of corynebacteria for the production of diphtheria toxin, **353**
Coryneform bacteria, Evaluation of API Coryne system for identifying coryneform bacteria, **756**
Cost analysis, Impact of rotavirus infection on a paediatric hospital in the East End of London, **67**
Cost control, Cost control of out-of-hours laboratory services in district general hospitals, **782**
Coxiella burnetii, In vivo endogenous spore formation by *Coxiella burnetii* in Q fever endocarditis, **978**
Creatine kinase, Timed sequential analysis of creatine kinase in the diagnosis of myocardial infarction in patients over 65 years of age, **995**
Creatine kinase BB isoenzyme, Raised concentration of plasma creatine kinase BB isoenzyme in myelodysplasia, **552**
Creutzfeldt-Jakob disease, Perceptions of prion disease: *leader*, **876**
Crohn's disease, Distribution of the matrix metalloproteinases stromelysin, gelatinases A and B and collagenase in Crohn's disease and normal intestine, **113**
Cryostat sections, Improved double immunohistochemical staining method for cryostat and paraffin wax sections, combining alkaline phosphatase anti-alkaline phosphatase and indirect immunofluorescence, **597**
Crystal violet reactions, Crystal violet reactions of coagulase negative staphylococci, **283**
Culture media, Effects of culture media on detection of methicillin resistance in coagulase negative staphylococci: *correspondence*, **380**
Cushing's syndrome, Cushing's syndrome associated with recurrent endometrioid adenocarcinoma of the ovary, **766**
Cyclosporin, Changes in numbers of epidermal cell adhesion molecules caused by oral cyclosporin in psoriasis: *correspondence*, **95**

Cyclosporin A, Influence of nifedipine on interstitial fibrosis in renal transplant allografts treated with cyclosporin A, **839**
Cytokeratin, Cytokeratin expression and acetowhite change in cervical epithelium, **15**
Cytokeratin immunostaining, Cytokeratin immunostaining for detection of biliary epithelium: its use in counting bile ducts in cases of liver allograft rejection, **303**
Cytokine changes, Endocrine and cytokine changes during elective surgery, **1049**
Cytomegalovirus, False positive immunoreaction in products of conception, **1118**
Cytomegalovirus encephalitis, Rapid diagnosis of cytomegalovirus encephalitis in patients with AIDS using in situ hybridisation, **886**
Cytomegalovirus infection, Cytomegalovirus infection in the gastrointestinal tract: *leader*, **968**
Cytopathology
Cytopathology in the post mortem room, **714**
Update on central nervous system cytopathology. I. Cerebrospinal fluid: *leader*, **573**
Update on central nervous system cytopathology. II. Brain smear technique: *leader*, **683**
Cytoplasmic antigens, Demonstration of cytoplasmic and nuclear antigens in acute leukaemia using flow cytometry, **843**

D
DBA.44, Immunoreactivity of neoplastic and non-neoplastic monocytoid B lymphocytes for DBA.44 and other antibodies, **928**: correction, **1058**
Dementia, prion, Perceptions of prion disease: *leader*, **876**
Desferrioxamine, Zinc concentration in patients with iron overload receiving oral iron chelator 1,2-dimethyl-3-hydroxypyrid-4-one or desferrioxamine, **657**
Diabetes, Hepatic subcapsular steatosis in a patient with insulin dependent diabetes receiving dialysis, **274**
1,2-Dimethyl-3-hydroxypyrid-4-one, Zinc concentration in patients with iron overload receiving oral iron chelator 1,2-dimethyl-3-hydroxypyrid-4-one or desferrioxamine, **657**
Diphtheria toxin, Polymerase chain reaction for screening clinical isolates of corynebacteria for the production of diphtheria toxin, **353**
District general hospitals, Cost control of out-of-hours laboratory services in district general hospitals, **782**
DNA
Granulomatous *Pneumocystis carinii* pneumonia: DNA amplification studies on bronchoscopic alveolar lavage samples, **664**
Improved current methods for amplification of DNA from routinely processed liver tissue by PCR, **466**
Multiple PCR analyses on trace amounts of DNA extracted from fresh and paraffin wax embedded tissues after random hexamer primer PCR amplification, **605**
Rapid techniques for DNA extraction from routinely processed archival tissue for use in PCR, **318**
DNA flow cytometry, MIB-1, Ki67, and PCNA scores and DNA flow cytometry in intermediate grade malignant lymphomas, **18**
DNA probe, Use of a monoclonal antibody and a DNA probe for diagnosing acute toxoplasmosis in ambiguous cases, **853**
Duodenal mucosa
Electron microscopic study of association between *Helicobacter pylori* and gastric and duodenal mucosa, **699**
Epstein-Barr virus in gastric carcinoma and adjacent normal gastric and duodenal mucosa, **695**
Duodenum, Evidence for adenoma-carcinoma sequence in the duodenum of patients with familial adenomatous polyposis, **709**
Dysentery, Value of microscopy in the diagnosis of dysentery associated with invasive *Entameoba histolytica*, **236**
Dyskaryosis, Interobserver variation in the diagnosis and grading of dyskaryosis in cervical smears, **515**

E
EB9, EB9, a new antibody for the detection of trophozoites of *Pneumocystis carinii* in bronchoalveolar lavage specimens in AIDS, **1108**
EDTA dependent pseudothrombocytopenia, EDTA dependent pseudothrombocytopenia caused by antibodies against the cytoadhesive receptor of platelet gpIIB-IIIA, **625**
Egypt, Vitamin K dependent coagulation proteins in endemic hepatosplenomegaly in Egypt, **502**
Elective surgery, Endocrine and cytokine changes during elective surgery, **1049**
Electron microscopy, Value of electron microscopy in diagnosis of renal disease, **126**
Elliptical defects, Tissue artefacts caused by sponges: *correspondence*, **286**
Encephalitis, Polymerase chain reaction for detection of herpes simplex virus encephalitis, **554**
Endochondral pseudocyst, Endochondral pseudocyst of the auricle, **961**
Endolymphatic sac, Papillary neoplasm of the endolymphatic sac in a patient with von Hippel-Lindau disease, **959**
Endometrioid adenocarcinoma, Cushing's syndrome associated with recurrent endometrioid adenocarcinoma of the ovary, **766**
Endometrium, Pathology of endometrium treated with tamoxifen, **827**
Entamoeba histolytica, Value of microscopy in the diagnosis of dysentery associated with invasive *Entameoba histolytica*, **236**
Enteric pathogens, Stool culture: are you getting value for money?, **790**
Enzyme immunoassay
Comparison of new immunohistochemical assay for oestrogen receptor in paraffin wax embedded breast carcinoma tissue with quantitative enzyme immunoassay, **900**
Evaluation of three commercial enzyme immunoassay kits for detecting faecal *Clostridium difficile* toxins, **954**
Enzyme linked immunosorbent assay, Two enzyme linked immunosorbent assays for detecting antibodies against meningococcal capsular polysaccharides A and C, **405**
Epidermal cell adhesion molecules, Changes in numbers of epidermal cell adhesion molecules caused by oral cyclosporin in psoriasis: *correspondence*, **95**
Epstein-Barr virus
Carcinoma of stomach and breast with lymphoid stroma: localisation of Epstein-Barr virus, **538**
Encoded latent membrane protein 1 of Epstein-Barr virus on follicular dendritic cells in residual germinal centres in Hodgkin's disease, **29**
Epstein-Barr virus in gastric carcinoma and adjacent normal gastric and duodenal mucosa, **695**
Lack of correlation between expression of Epstein-Barr virus (EBV) latent membrane protein and *bcl*-2 oncoprotein in vivo, **589**
Prevalence of Epstein-Barr virus in the cervix, **92**
Erythrocyte autoantibodies, Erythrocyte autoantibodies, autoimmune haemolysis, and carcinoma, **340**
Erythroderma, Detection of human herpes virus 6 (HHV 6) in the skin of a patient with primary HHV 6 infection and erythroderma, **762**
Erythropoiesis, Reticulocyte maturity as an indicator for estimating qualitative abnormality of erythropoiesis, **736**
Erythropoietin, Increase in mean platelet volume in patients with chronic renal failure treated with erythropoietin, **159**
Ewing's sarcoma, Rapid and specific diagnosis of t(11;22) translocation in paediatric Ewing's sarcoma and primitive neuroectodermal tumours using RNA-PCR, **562**
Expert system, Expert system support using Bayesian belief networks in the diagnosis of fine needle aspiration biopsy specimens of the breast, **329**
Extrahepatic bile duct obstruction, Pancreatic enzymes in the epithelium of intrahepatic large bile ducts and in hepatic bile in patients with extrahepatic bile duct obstruction, **924**
Extramedullary disease, Atypical progression of multiple myeloma with extensive extramedullary disease, **269**
Extramedullary haemopoiesis, Spinal cord compression due to extramedullary haemopoiesis in myelofibrosis, **464**

F
Faecal stasis, Expression of colonic antigens by goblet and columnar epithelial cells in ileal pouch mucosa: their association with inflammatory change and faecal stasis, **834**
False positive immunoreaction, False positive immunoreaction in products of conception, **1118**
Familial adenomatous polyposis
Evidence for adenoma-carcinoma sequence in the duodenum of patients with familial adenomatous polyposis, **709**
Pancreatic islet cell tumour in a patient with familial adenomatous polyposis, **860**
Fat necrosis, Fat necrosis presenting as obscure abdominal mass: Birefringent saponified fatty acid crystalloids as a clue to diagnosis, **1028**
Fetal cells in maternal blood, Non-invasive prenatal diagnosis using fetal cells in maternal blood: *leader*, **1060**
Fetal diagnosis, Guidelines for the fetal diagnosis of globin gene disorders: *leader*, **199**
Fibrin monomer polymerisation, Inhibition of fibrin monomer polymerisation by myeloma immunoglobulin, **266**
Fibrinogen, Viscosimetric effect of fibrinogen, **1004**
Fibronectin, Circulating fibronectin and fibronectin receptor in children with pertussis, **793**
Fine needle aspiration
Diagnosis of pancreatic lesions using fine needle aspiration cytology, **1082**
Diagnostic problems in fine needle aspiration cytopathology of the salivary glands: *leader*, **193**
Expert system support using Bayesian belief networks in the diagnosis of fine needle aspiration biopsy specimens of the breast, **329**
Flow cytometry, Demonstration of cytoplasmic and nuclear antigens in acute leukaemia using flow cytometry, **843**

Fluorescence polarisation, Comparison of two automated quantitative immunoassays for the determination of C reactive protein concentrations, **1119**
Fluorescence in situ hybridisation, Application of fluorescence in situ hybridisation to chromosome analysis of aged bone marrow smears, **508**
Formalin, Comparison of formalin and Bouin's reagent for fixation of coagulase negative staphylococcal biofilm, **1044**
Free thyroxine, Spuriously high free thyroxine with the Amerlite MAB FT_1 assay, **181**

G
Gall bladder carcinoma, Clinical importance of p53 protein in gall bladder carcinoma and its precursor lesions, **453**
Gastric adenocarcinoma
Immunohistochemical demonstration of *c-erb*B-2 oncoprotein in gastric adenocarcinoma: comparison of cryostat and paraffin wax sections and effect of fixation, **117**
Lymphocytic gastritis, gastric adenocarcinoma, and primary gastric lymphoma, **1123**
Gastric biopsy cultures, Alternative method for transporting and storing gastric biopsy cultures of *Helicobacter pylori*: *correspondence*, **189**
Gastric carcinoma
Epstein-Barr virus in gastric carcinoma and adjacent normal gastric and duodenal mucosa, **695**
Expression of proliferating cell nuclear antigen in gastric carcinoma: no evidence for prognostic value, **473**
Gastric epithelial cell lines, CagA/cytotoxic strains of *Helicobacter pylori* and interleukin-8 in gastric epithelial cell lines, **945**
Gastric lymphoma, Lymphocytic gastritis, gastric adenocarcinoma, and primary gastric lymphoma, **1123**
Gastric mucosa
Comparison of labelling by bromodeoxyuridine, MIB-1, and proliferating cell nuclear antigen in gastric mucosal biopsy specimens, **122**
Electron microscopic study of association between *Helicobacter pylori* and gastric and duodenal mucosa, **699**
Epstein-Barr virus in gastric carcinoma and adjacent normal gastric and duodenal mucosa, **695**
Gastritis
Histological study of chronic gastritis from the United Arab Emirates using the Sydney system of classification, **810**
Relation between IgG and IgA antibody titres against *Helicobacter pylori* in serum and severity of gastritis in asymptomatic subjects, **227**
Gastrointestinal tract
Cytomegalovirus infection in the gastrointestinal tract: *leader*, **968**
Gastrointestinal tract aspergilloma: possible cause of malabsorption, **170**
Gaucher's disease, Acquired pseudo-pseudo Bernard-Soulier syndrome complicating Gaucher's disease, **162**
Genetic analyses, Multiple PCR analyses on trace amounts of DNA extracted from fresh and paraffin wax embedded tissues after random hexamer primer PCR amplification, **605**
Genomic DNA, Rapid and simple method for preparation of genomic DNA from easily obtainable clotted blood, **1043**
Gerstmann-Sträussler-Scheinker disease, Perceptions of prion disease: *leader*, **876**
Giant cell hepatitis, Post-infantile giant cell hepatitis, histological and immunohistochemical study, **1022**
Glandular tumours, Serum placental-type alkaline phosphatase activity in women with squamous and glandular malignancies of the reproductive tract, **1035**
Globin gene disorders, Guidelines for the fetal diagnosis of globin gene disorders: *leader*, **199**
Glomerulopathy, AIDS presenting as focal segmental membranous glomerulopathy, **179**
Glucose, Effects of changes in acid base and calcium concentration on fasting serum insulin, proinsulin, and glucose concentrations, **982**
Glutathione S-transferases, Glutathione S-transferases in bone marrow metastases of disseminated neuroblastoma, **468**
GM1 antibodies, IgM ganglioside GM1 antibodies in patients with autoimmune disease or neuropathy, and controls, **300**
Goblet epithelial cells, Expression of colonic antigens by goblet and columnar epithelial cells in ileal pouch mucosa: their association with inflammatory change and faecal stasis, **834**
Graft versus host disease, Diagnostic features of transfusion associated graft versus host disease, **541**
Gram negative bacilli, Comparison of Vitek and Cobas Micro systems with a semiautomated conventional microsystem for identification and susceptibility testing of Gram negative bacilli, **71**
Gram negative septicaemia, Gram negative septicaemia diagnosed on peripheral blood smear appearances, **82**: *correspondence*, **681**
Granulomas, Detection of tumour necrosis factor α in sarcoidosis and tuberculosis granulomas using in situ hybridisation, **423**
Granulomatous *Pneumocystis carinii* pneumonia, Granulomatous *Pneumocystis carinii* pneumonia: DNA amplification studies on bronchoscopic alveolar lavage samples, **664**
Group B streptococcal colonisation, Assessment of two methods for rapid intrapartum detection of vaginal group B streptococcal colonisation, **752**
Gut inflammation, Decreased mucosal interleukin-4 production in gut inflammation, **1015**

H
Haematological malignancies, Specificity and sensitivity of immunocytochemistry for detecting P-glycoprotein in haematological malignancies, **619**
Haemodialysis, Mixed systemic amyloidosis in a patient receiving long term haemodialysis, **560**
Haemoglobin
Deriving a useful packed cell volume estimate from haemoglobin analysis, **78**
Estimation of haemoglobin concentrations using spectrophotometric tests: *correspondence*, **681**
Haemorrhagic disorders, Investigation and management of haemorrhagic disorders in pregnancy: *leader*, **100**: *correspondence*, **569**, **570**
Helicobacter pylori
Activity of omeprazole on *Helicobacter pylori* and relation to toxicity of strains, **440**
Alternative method for transporting and storing gastric biopsy cultures of *Helicobacter pylori*: *correspondence*, **189**
CagA/cytotoxic strains of *Helicobacter pylori* and interleukin-8 in gastric epithelial cell lines, **945**
Cytotoxic activity of *Helicobacter pylori* enhanced by acetohydroxamic acid: *correspondence*, **188**
Diagnosis of *Helicobacter pylori* in biopsy specimens: *correspondence*, **380**
Electron microscopic study of association between *Helicobacter pylori* and gastric and duodenal mucosa, **699**
Helicobacter pylori gastritis and primary gastric non-Hodgkin's lymphomas, **436**
In situ hybridisation for the identification of *Helicobacter pylori* in paraffin wax embedded tissue, **862**
Interleukin-8 expression in *Helicobacter pylori* infected, normal, and neoplastic gastroduodenal mucosa, **61**
Morphological transformation of *Helicobacter pylori* during prolonged incubation: association with decreased acid resistance, **172**
Relation between IgG and IgA antibody titres against *Helicobacter pylori* in serum and severity of gastritis in asymptomatic subjects, **227**
Seroconversion for *Helicobacter pylori*: *correspondence*, **286**
Ultrastructural study of two patterns in the interaction of *Helicobacter pylori* with neutrophils, **667**
Heparin, Use of low molecular weight heparin during pregnancy: *correspondence*, **94**
Hepatic subcapsular steatosis, Hepatic subcapsular steatosis in a patient with insulin dependent diabetes receiving dialysis, **274**
Hepatitis
Association of Clinical Pathologists' surveys of infection in British clinical laboratories, 1970-1989: *leader*, **391**
Herpes hepatitis in pregnancy: *correspondence*, **478**
Post-infantile giant cell hepatitis, histological and immunohistochemical study, **1022**
Hepatitis B
Hepatic expression of tumour necrosis factor-α in chronic hepatitis B virus infection, **1112**
Increased tumour necrosis factor alpha production by neutrophils in patients with hepatitis B, **616**
Hepatitis C antibodies, Peptide based enzyme immunoassays for detecting hepatitis C antibodies in sera of people at high risk, **357**
Hepatitis C virus
Blood exchanged in ritual ceremonies as a possible route for infection with hepatitis C virus, **87**
Chronic liver disease and active hepatitis C virus infection in patients with antibodies to this virus, **148**
Hepatosplenomegaly, Vitamin K dependent coagulation proteins in endemic hepatosplenomegaly in Egypt, **502**
Herpes hepatitis, Herpes hepatitis in pregnancy: *correspondence*, **478**
Herpes simplex virus, Polymerase chain reaction for detection of herpes simplex virus encephalitis, **554**
Herpes virus 6, Detection of human herpes virus 6 (HHV 6) in the skin of a patient with primary HHV 6 infection and erythroderma, **762**
Histopathology, Observer variability in histopathological reporting of malignant bronchial biopsy specimens, **711**
Histopathology reports, Quantitative audit of the content of histopathology reports, 360: *correspondence*, **681**, **1057**
HIV
Granulomatous *Pneumocystis carinii* pneumonia: DNA amplification studies on bronchoscopic alveolar lavage samples, **664**
Quantification of HIV by PCR in monocytes and lymphocytes in patients receiving antiviral treatment and low dose recombinant human granulocyte macrophage colony stimulating factor, **855**

Stability of infectious HIV in clinical samples and isolation from small volumes of whole blood, **152**
HIV proviral DNA (*gag*), PCR detection of HIV proviral DNA (*gag*) in the brains of patients with AIDS, **990**
HIV related thrombocytopenia, Pathophysiology of HIV related thrombocytopenia, **999**
HLA, Cellular distribution of human leucocyte adhesion molecule ICAM-3, **143**
HLA DQw3, Role of human papillomavirus in determining the HLA associated risk of cervical carcinogenesis, **1077**
HLA-DR typing, HLA-DR typing for kidney transplants: advantage of polymerase chain reaction with sequence specific primers in a routine hospital laboratory, **609**
Hodgkin's disease
Acute promyelocytic leukaemia and Hodgkin's disease in the same patient, **565**
Encoded latent membrane protein 1 of Epstein-Barr virus on follicular dendritic cells in residual germinal centres in Hodgkin's disease, **29**
Hypercalcaemia in Hodgkin's disease related to prostaglandin synthesis, **567**
Human papillomavirus
Coexistence of episomal and integrated HPV16 DNA in squamous cell carcinoma of the cervix, **253**
Human papillomavirus detection by hybrid capture and its possible clinical use, **649**
Human papillomaviruses and cervical neoplasia. I. classification, virology, pathology, and epidemiology: *leader*, **1066**
PCR in situ hybridisation detection of HPV 16 in fixed CaSki and fixed SiHa cell lines, **933**
Prevalence of human papillomavirus types 16 and 18 in penile carcinoma: a study of 41 cases using PCR, **823**
Role of human papillomavirus in determining the HLA associated risk of cervical carcinogenesis, **1077**
Hydatidiform mole, Assessment of cell proliferation in hydatidiform mole using monoclonal antibody MIB1 to Ki-67 antigen, **601**
Hydroxyurea, Pregnancy after treatment with hydroxyurea in a patient with primary thrombocythaemia and a history of recurrent abortion, **769**
Hypercalcaemia
Hypercalcaemia in Hodgkin's disease related to prostaglandin synthesis, **567**
The investigation of hypercalcaemia, **579**: *correspondence*, **1057**
Hypereosinophilic syndrome
T cell lymphoid aggregates in bone marrow in idiopathic hypereosinophilic syndrome: *correspondence*, **478**
T cell lymphoid aggregates in idiopathic hypereosinophilic syndrome: *correspondence*, **287**
T cells in idiopathic hypereosinophilic syndrome: *correspondence*, **571**
Hyperphosphatasaemia, Benign familial hyperphosphatasaemia: *correspondence*, **187**
Hypothyroidism, Xanthoderma: an unusual presentation of hypothyroidism, **850**

I
ICAM-3, Cellular distribution of human leucocyte adhesion molecule ICAM-3, **143**
Ileal pouch mucosa, Expression of colonic antigens by goblet and columnar epithelial cells in ileal pouch mucosa: their association with inflammatory change and faecal stasis, **834**
Iliac crest histomorphometry, Age related histomorphometric changes in bone in normal British men and women, **529**
Imerslund-Grasbeck syndrome, Imerslund-Grasbeck syndrome in a Chinese family with distinct skin lesions refractory to vitamin B_{12}, **956**
Immune thrombocytopenic purpura, Use of splenic ultrasound: a new wave for immune thrombocytopenic purpura, **414**
Immunocytochemistry, Microwave antigen retrieval in immunocytochemistry: a study of 80 antibodies, **448**
Immunofluorescence, Improved double immunohistochemical staining method for cryostat and paraffin wax sections, combining alkalilne phosphatase anti-alkaline phosphatase and indirect immunofluorescence, **597**
Immunofluorescence microscopy, Immunofluorescence microscopy for the rapid diagnosis of melioidosis, **377**
Immunoglobulin D, Late relapse in IgD myeloma: value of immunohistochemistry in trephine biopsy specimens, **773**
Immunoglobulin D multiple myeloma, IgD multiple myeloma with thoracic spine compression due to epidural extra-osseous tumour spread, **669**
Immunoglobulins, Relation between IgG and IgA antibody titres against *Helicobacter pylori* in serum and severity of gastritis in asymptomatic subjects, **227**
Immunohistochemical assay, Comparison of new immunohistochemical assay for oestrogen receptor in paraffin wax embedded breast carcinoma tissue with quantitative enzyme immunoassay, **900**
Immunohistochemistry
Antibody for detecting p53 protein by immunohistochemistry in normal tissues, **592**
Immunohistochemical analysis of CDw52 antigen expression in non-Hodgkin's lymphomas, **313**
Immunohistochemical demonstration of *c-erb*B-2 oncoprotein in gastric adenocarcinoma: comparison of cryostat and paraffin wax sections and effect of fixation, **117**
Immunohistochemical study of vascular injury in acute multiple sclerosis, **129**
Improved double immunohistochemical staining method for cryostat and paraffin wax sections, combining alkaline phosphatase anti-alkaline phosphatase and indirect immunofluorescence, **597**
Immunohistology, Which proliferation markers for routine immunohistology? A comparison of five antibodies, **1010**
Immunophenotype
Chronic prolymphocytoid leukaemia with an unusual immature immunophenotype, **461**
Polycythaemia rubra vera transforming to acute lymphoblastic leukaemia with a common immunophenotype, **471**
Immunophenotyping
Immunophenotyping in the diagnosis of acute leukaemias: *leader*, **777**
Immunophenotyping in the diagnosis of chronic lymphoproliferative disorders: *leader*, **871**
Immunoturbidimetric method, Comparison of immunoturbidimetric and Lowry methods for measuring concentration of very low density lipoprotein apolipoprotein B-100 in plasma, **176**
In situ hybridisation
Adenovirus pulmonary infections identified by PCR and in situ hybridisation in bone marrow transplant recipients, **973**
PCR in situ hybridisation detection of HPV 16 in fixed CaSki and fixed SiHa cell lines, **933**
Rapid diagnosis of cytomegalovirus encephalitis in patients with AIDS using in situ hybridisation, **886**
Infection
Association of Clinical Pathologists' surveys of infection in British clinical laboratories, 1970-1989: *leader*, **391**
Medical microbiology, infectious diseases, and the public health: a trio in search of harmony: *leader*, **97**
Inflammatory bowel disease
Decreased mucosal interleukin-4 production in gut inflammation, **1015**
Observer variability in the histopathological reporting of abnormal rectal biopsy specimens, **48**
Inflammatory change, Expression of colonic antigens by goblet and columnar epithelial cells in ileal pouch mucosa: their association with inflammatory change and faecal stasis, **834**
Insomnia, fatal, Perceptions of prion disease: *leader*, **876**
Instructions to Authors, **76**
Insulin, Effects of changes in acid base and calcium concentration on fasting serum insulin, proinsulin, and glucose concentrations, **982**
Intercellular adhesion molecule
Cellular distribution of human leucocyte adhesion molecule ICAM-3, **143**
Induction of ICAM 1 expression on bladder tumours by BCG immunotherapy, **309**
Upregulation of ICAM-I by *Plasmodium falciparum*: in vitro and in vivo studies, **653**
Interleukin-4, Decreased mucosal interleukin-4 production in gut inflammation, **1015**
Interleukin-8
CagA/cytotoxic strains of *Helicobacter pylori* and interleukin-8 in gastric epithelial cell lines, **945**
Interleukin-8 expression in *Helicobacter pylori* infected, normal, and neoplastic gastroduodenal mucosa, **61**
International Normalised Ratio, Examination of International Normalised Ratio (INR) imprecision by comparison of exact and approximate formulas, **635**
Interstitial fibrosis, Influence of nifedipine on interstitial fibrosis in renal transplant allografts treated with cyclosporin A, **839**
Intracapillary glomerular metastases, Intracapillary glomerular metastases in a nephrectomy specimen removed for ipsilateral renal cell carcinoma, **558**
Intranodal and extranodal tumour growth, Intranodal and extranodal tumour growth in early metastasised non-small cell lung cancer, **920**
Intrapartum detection, Assessment of two methods for rapid intrapartum detection of vaginal group B streptococcal colonisation, **752**
Intravascular metastatic adenocarcinoma, Recurrent thrombotic occlusions of arteries and veins caused by intravascular metastatic adenocarcinoma, **858**
Iron, Non-transferrin bound iron and neutropenia after cytotoxic chemotherapy, **350**
Iron deficiency, Use of red cell distribution width and erythrocyte zinc protoporphyrin in differential diagnosis of α and β thalassaemia and iron deficiency, **205**: *correspondence*, **570**: *correction*, **870**

Iron overload, Zinc concentration in patients with iron overload receiving oral iron chelator 1,2-dimethyl-3-hydroxypyrid-4-one or desferrioxamine, **657**

J

Joint Working Group on Quality Assurance in Pathology, Joint Working Group on Quality Assurance in Pathology: guidance to the professions: *leader*, **1**

Journal of Clinical Pathology, Fifty years of publication, **1059**

K

K-*ras* point mutation, Diagnosis of pancreatic lesions using fine needle aspiration cytology, **1082**

Kala-azar, Liver morphology and function in visceral leishmaniasis (Kala-azar), **547**

Ki-67 antigen, Assessment of cell proliferation in hydatidiform mole using monoclonal antibody MIB1 to Ki-67 antigen, **601**

Ki-67 protein, Epitope analysis of antibodies recognising the cell proliferation associated nuclear antigen previously defined by the antibody Ki-67 (Ki-67 protein), **524**

Kidney damage, Electrophoretic study of the physico-chemical characteristics of Bence-Jones proteinuria and its association with kidney damage, **1090**

Kidney transplants, HLA-DR typing for kidney transplants: advantage of polymerase chain reaction with sequence specific primers in a routine hospital laboratory, **609**

Knee implants, Histopathological features of failed prosthetic Leeds-Keio anterior cruciate ligaments, **375**

- Lymph node hyalinisation in rheumatoid arthritis and systemic sclerosis, **138**

Lymphocyte subsets, Bone marrow lymphocyte subsets in myelodysplastic syndromes, **505**

Lymphocytic gastritis, Lymphocytic gastritis, gastric adenocarcinoma, and primary gastric lymphoma, **1123**

Lymphocytosis, Pure red cell aplasia associated with malignant thymoma, myasthenia gravis, polyclonal large granular lymphocytosis and clonal thymic T cell expansion, **676**

Lymphoid stroma, Carcinoma of stomach and breast with lymphoid stroma: localisation of Epstein-Barr virus, **538**

Lymphomas
- Clonal analysis of three morphologically distinct lymphomas occurring in the same patient, **1038**
- Sources of DNA for detecting B cell monoclonality using PCR, **493**

Lymphoproliferative disorders, Immunophenotyping in the diagnosis of chronic lymphoproliferative disorders: *leader*, **871**

M

Macrophages, A new monoclonal antibody (3A5) that recognises a fixative resistant epitope on tissue macrophages and monocytes, **248**

Malabsorption, Gastrointestinal tract aspergilloma: possible cause of malabsorption, **170**

Malaria
- Accuracy of routine laboratory diagnosis of malaria in the United Kingdom, **740**
- Serum laminin in malaria, **787**
- Upregulation of ICAM-I by *Plasmodium falciparum*: in vitro and in vivo studies, **653**

Mean nuclear volume, Value of volume weighted mean nuclear volume in grading and prognosis of renal cell carcinoma, **324**

Medical audit, Quantitative audit of the content of histopathology reports, **360**: *correspondence*, **681**, **1057**

Medical staff overload, Measurement of medical staff overload: *correspondence*, **381**

Melioidosis, Immunofluorescence microscopy for the rapid diagnosis of melioidosis, **377**

Meningitis, Blood stained cerebrospinal fluid responsible for false positive reactions of latex particle agglutination tests, **1116**

Meningococcal capsular polysaccharides A and C, Two enzyme

linked immunosorbent assays for detecting antibodies against meningococcal capsular polysaccharides A and C, **405**
Mesenchymal hamartoma, Mesenchymal hamartoma of liver in a man: comparison with cases in infants, **864**
Mesothelial cells, CA 125 secretion by peritoneal mesothelial cells, **263**
Mesothelium, Polyploidy in non-neoplastic tissues, **38**
Metalloproteinases, Distribution of the matrix metalloproteinases stromelysin, gelatinases A and B and collagenase in Crohn's disease and normal intestine, **113**
Metaplasia, Apocrine metaplasia: a new type of Müllerian metaplasia: *correspondence*, **94**
Metastases
Benign lymph node inclusions mimicking metastatic carcinoma, **245**: *correspondence*, **868**
Glutathione S-transferases in bone marrow metastases of disseminated neuroblastoma, **468**
Leiomyosarcoma of soft tissue and pulmonary metastasis, both with osteoclast-like giant cells, **370**
Recent advances in the study of tumour invasion and metastasis: *leader*, **385**
Methicillin resistance, Effects of culture media on detection of methicillin resistance in coagulase negative staphylococci: *correspondence*, **380**
Microbiologists, Measurement of medical staff overload: *correspondence*, **381**
Microbiology, Medical microbiology, infectious diseases, and the public health: a trio in search of harmony: *leader*, **97**
Microbiology laboratory, Rapid organism identification from Bactec NR blood culture media in a diagnostic microbiology laboratory, **796**
Microglia, Immunohistochemical and in situ hybridisation detection of adenovirus early region 1A (E1A) gene in the microglia of human brain tissue, **275**
Microinvasive squamous carcinoma, Histological features of CIN3 and their value in predicting invasive microinvasive squamous carcinoma, **799**
Microscopy, Value of microscopy in the diagnosis of dysentery associated with invasive *Entameoba histolytica*, **236**
Microwave antigen retrieval, Microwave antigen retrieval in immunocytochemistry: a study of 80 antibodies, **448**
Monoclonal antibody(ies)
Assessment of cell proliferation in hydatidiform mole using monoclonal antibody MIB1 to Ki-67 antigen, **601**
Assessment of proliferative activity in leukaemic bone marrow using the monoclonal antibody Ki-67, **209**
Can Ki67 immunostaining predict response to radiotherapy in oral squamous cell carcinoma?, **109**
Comparison of labelling by bromodeoxyuridine, MIB-1, and proliferating cell nuclear antigen in gastric mucosal biopsy specimens, **122**
Demonstration of oestrogen receptors in paraffin wax secretions of breast carcinoma using the monoclonal antibody 1D5 and microwave oven processing, **90**
Epitope analysis of antibodies recognising the cell proliferation associated nuclear antigen previously defined by the antibody Ki-67 (Ki-67 protein), **524**
Expression of aminopeptidase-n (CD 13) in normal tissues and malignant neoplasms of epithelial and lymphoid origin, **43**
MIB-1, Ki67, and PCNA scores and DNA flow cytometry in intermediate grade malignant lymphomas, **18**
New monoclonal antibody (3A5) that recognises a fixative resistant epitope on tissue macrophages and monocytes, **248**
Phenotypic identity of gastric mucous neck cells and mucous cells of cardiac, pyloric, and Brunner's glands, **53**
Use of a monoclonal antibody and a DNA probe for diagnosing acute toxoplasmosis in ambiguous cases, **853**
VS38: a new monoclonal antibody for detecting plasma cell differentiation in routine sections, **418**
Monocytes, A new monoclonal antibody (3A5) that recognises a fixative resistant epitope on tissue macrophages and monocytes, **248**
Monocytoid B cell lymphoma, Clonal analysis of three morphologically distinct lymphomas occurring in the same patient, **1038**
Monocytoid B lymphocytes, Immunoreactivity of neoplastic and non-neoplastic monocytoid B lymphocytes for DBA.44 and other antibodies, **928**: *correction*, **1058**
Mucosa
Interleukin-8 expression in *Helicobacter pylori* infected, normal, and neoplastic gastroduodenal mucosa, **61**
Phenotypic identity of gastric mucous neck cells and mucous cells of cardiac, pyloric, and Brunner's glands, **53**
Mucosa associated lymphoid tissue
Clonal analysis of three morphologically distinct lymphomas occurring in the same patient, **1038**
Helicobacter pylori gastritis and primary gastric non-Hodgkin's lymphomas, **436**
Müllerian metaplasia, Apocrine metaplasia: a new type of Müllerian metaplasia: *correspondence*, **94**
Multiblock slides, Multiblock slides: a useful technique for teaching, **88**
Multinucleated stromal giant cells, Multinucleated stromal giant cells in ulcerative colitis: *correspondence*, **382**
Multiple myeloma, IgD multiple myeloma with thoracic spine compression due to epidural extra-osseous tumour spread, **669**
Multiple sclerosis, Immunohistochemical study of vascular injury in acute multiple sclerosis, **129**
Myasthenia gravis, Pure red cell aplasia associated with malignant thymoma, myasthenia gravis, polyclonal large granular lymphocytosis and clonal thymic T cell expansion, **676**
Mycetoma, Mycetoma caused by *Nocardia transvalensis*, **85**
Mycobacterium tuberculosis, Clinical usefulness of detecting growth of *Mycobacterium tuberculosis* in positive Bactec phials using PCR: *correspondence*, **190**
Myelodysplasia, Raised concentration of plasma creatine kinase BB isoenzyme in myelodysplasia, **552**
Myelodysplastic syndromes, Bone marrow lymphocyte subsets in myelodysplastic syndromes, **505**
Myelofibrosis
Massive bone marrow necrosis and postnecrotic myelofibrosis in a patient with primary thrombocythaemia, **674**
Spinal cord compression due to extramedullary haemopoiesis in myelofibrosis, **464**
Myeloid antigens, Variable detection of myeloid antigens in childhood acute lymphoblastic leukaemia, **1006**
Myeloma
Atypical progression of multiple myeloma with extensive extramedullary disease, **269**
Inhibition of fibrin monomer polymerisation by myeloma immunoglobulin, **266**
Late relapse in IgD myeloma: value of immunohistochemistry in trephine biopsy specimens, **773**
Myocardial infarction, Timed sequential analysis of creatine kinase in the diagnosis of myocardial infarction in patients over 65 years of age, **995**

N
Necropsy
Concealed homicidal strangulation first discovered at necropsy, **679**
Seasonal variation in the necropsy incidence of massive pulmonary embolism, **58**; *correspondence*, **478**
Necrotising granulomas, Necrotising granulomas of the uterine corpus: *correspondence*, **381**
Nephrectomy, Intracapillary glomerular metastases in a nephrectomy specimen removed for ipsilateral renal cell carcinoma, **558**
Nerve fibre teasing, Effect of collagenase on nerve fibre teasing, **774**
Neuroblastoma, Glutathione S-transferases in bone marrow metastases of disseminated neuroblastoma, **468**
Neuroectodermal tumours, Rapid and specific diagnosis of t(11;22) translocation in paediatric Ewing's sarcoma and primitive neuroectodermal tumours using RNA-PCR, **562**
Neuropathy, IgM ganglioside GM1 antibodies in patients with autoimmune disease or neuropathy, and controls, **300**
Neutropenia, Non-transferrin bound iron and neutropenia after cytotoxic chemotherapy, **350**
Neutrophil cytoplasmic antibodies, Neutrophil cytoplasmic antibodies (p-ANCA) in ulcerative colitis, **257**
Neutrophil cytoplasmic antigens, Detection of autoantibodies to neutrophil cytoplasmic antigens, **4**
Neutrophils
Increased tumour necrosis factor α production by neutrophils in patients with hepatitis B, **616**
Ultrastructural study of two patterns in the interaction of *Helicobacter pylori* with neutrophils, **667**
Nifedipine, Influence of nifedipine on interstitial fibrosis in renal transplant allografts treated with cyclosporin A, **839**
Nocardia transvalensis, Mycetoma caused by *Nocardia transvalensis*, **85**
Non-Hodgkin's lymphoma
Helicobacter pylori gastritis and primary gastric non-Hodgkin's lymphomas, **436**
Immunohistochemical analysis of CDw52 antigen expression in non-Hodgkin's lymphomas, **313**
Immunophenotyping in the diagnosis of chronic lymphoproliferative disorders: *leader*, **871**
MIB-1, Ki67, and PCNA scores and DNA flow cytometry in intermediate grade malignant lymphomas, **18**
p53, c-*myc* p62 and proliferating cell nuclear antigen (PCNA) expression in non-Hodgkin's lymphomas, **9**
Signet-ring cell lymphoma of bone marrow, **184**
Non-invasive prenatal diagnosis, Non-invasive prenatal diagnosis using fetal cells in maternal blood: *leader*, **1060**
Non-phenolic staining method, Safer staining method for acid fast bacilli: *correspondence*, **286**
Non-small cell lung cancer (carcinoma)
Intranodal and extranodal tumour growth in early metastasised non-small cell lung cancer, **920**

Observer variability in histopathological reporting of malignant bronchial biopsy specimens, **711**
Non-steroidal anti-inflammatory drugs, Oesophageal histology in long term users of non-steroidal anti-inflammatory drugs, **705**
Notices, **96**, **192**, **288**, **384**, **480**, **572**, **682**, **776**, **870**, **964**
Nuclear antigens, Demonstration of cytoplasmic and nuclear antigens in acute leukaemia using flow cytometry, **843**

O
Oat cell carcinoma, Oncogenic hypophosphataemia and ectopic corticotrophin secretion due to oat cell carcinoma of the trachea, **80**
Oesopahgus, Oesophageal histology in long term users of non-steroidal anti-inflammatory drugs, **705**
Oestrogen receptor
Comparison of new immunohistochemical assay for oestrogen receptor in paraffin wax embedded breast carcinoma tissue with quantitative enzyme immunoassay, **900**
Immunohistochemical and biochemical analysis of the oestrogen regulated protein pS2, and its relation with oestrogen receptor and progesterone receptor in breast cancer, **240**
Omeprazole, Acitivty of omeprazole on *Helicobacter pylori* and relation to toxicity of strains, **440**
Oncogene encoded proteins, Expression of c-erbB-2, c-myc, and c-ras oncoproteins, insulin-like growth factor receptor I, and epidermal growth factor receptor in ovarian carcinoma, **914**
Oncogenic hypophosphataemia, Oncogenic hypophosphataemia and ectopic corticotrophin secretion due to oat cell carcinoma of the trachea, **80**
Oncoprotein *bcl*-2, Lack of correlation between expression of Epstein-Barr virus (EBV) latent membrane protein and *bcl*-2 oncoprotein in vivo, **589**
Osteoclast-like giant cells
An unusual epithelial pleomorphic giant cell tumour of the pancreas with osteoclast-type cells, **372**
Leiomyosarcoma of soft tissue and pulmonary metastasis, both with osteoclast-like giant cells, **370**
Out-of-hours laboratory services, Cost control of out-of-hours laboratory services in distric general hospitals, **782**
Ovary, Cushing's syndrome associated with recurrent endometrioid adenocarcinoma of the ovary, **766**
Oxalosis, Secondary oxalosis and sperm granuloma of the epididymis, **470**

P
p53, p53 immunoreactivity in cervical intraepithelial neoplasia and non-neoplastic cervical squamous epithelium, **1073**
p53 expression, p53 expression in anaplastic carcinomas arising from thyroid papillary carcinomas, **337**
p53 protein
Antibody for detecting p53 protein by immunohistochemistry in normal tissues, **592**
Clinical importance of p53 protein in gall bladder carcinoma and its precursor lesions, **453**
p53, c-*myc* p62 and proliferating cell nuclear antigen (PCNA) expression in non-Hodgkin's lymphomas, **9**
P-glycoprotein, Specificity and sensitivity of immunocytochemistry for detecting P-glycoprotein in haematological malignancies, **619**
PAb248, Antibody for detecting p53 protein by immunohistochemistry in normal tissues, **592**
Packed cell volume, Deriving a useful packed cell volume estimate from haemoglobin analysis, **78**
Paediatrics, Impact of rotavirus infection on a paediatric hospital in the East End of London, **67**
Paget's disease of the breast, Paget's disease of the breast in a man without underlying breast carcinoma, **851**
Pancreas, An unusual epithelial pleomorphic giant cell tumour of the pancreas with osteoclast-type cells, **372**
Pancreatic enzymes, Pancreatic enzymes in the epithelium of intrahepatic large bile ducts and in hepatic bile in patients with extrahepatic bile duct obstruction, **924**
Pancreatic islet cell tumour, Pancreatic islet cell tumour in a patient with familial adenomatous polyposis, **860**
Pancreatic lesions, Diagnosis of pancreatic lesions using fine needle aspiration cytology, **1082**
Papillary neoplasm, Papillary neoplasm of the endolymphatic sac in a patient with von Hippel-Lindau disease, **959**
Paraffin wax embedded liver tissue, Improved current methods for amplification of DNA from routinely processed liver tissue by PCR, **466**
Paraffin wax sections, Improved double immunohistochemical staining method for cryostat and paraffin wax sections, combining alkaline phosphatase anti-alkaline phosphatase and indirect immunofluorescence, **597**
Parallel tubular granules, Electron microscopic findings of parallel tubular granules in a case of chronic neutrophilic leukaemia, **367**
Parathyroid hormone, The investigation of hypercalcaemia, **579**: *correspondence*, **1057**
Parotid glands, Simultaneous bilateral pleomorphic adenomas of the parotid glands with unilateral tyrosine rich crystalloids, **362**
Penile carcinoma, Prevalence of human papillomavirus types 16 and 18 in penile carcinoma: a study of 41 cases using PCR, **823**
Peptic ulcer disease, Ultrastructural study of two patterns in the interaction of *Helicobacter pylori* with neutrophils, **667**
Peptide based enzyme immunoassay, Peptide based enzyme immunoassays for detecting hepatitis C antibodies in sera of people at high risk, **357**
Periaortitis, Cytokine gene expression in aortic adventitial inflammation associated with advanced atherosclerosis (chronic periaortitis), **721**
Periodic acid Schiff reaction, Periodic acid Schiff reaction in childhood lymphoblastic leukaemia, **689**
Peripheral blood smear
Capnocytophaga canimorsus in peripheral blood smears: *correspondence*, **681**
Gram negative septicaemia diagnosed on peripheral blood smear appearances, **82**: *correspondence*, **681**
Pertussis, Circulating fibronectin and fibronectin receptor in children with pertussis, **793**
Phenol, Safer staining method for acid fast bacilli: *correspondence*, **286**
Pineal germinoma, Testicular seminoma in a patient with pineal germinoma, **771**
Pit pattern, Colorectal tumours and pit pattern, **880**
Placental-type alkaline phosphatase, Serum placental-type alkaline phosphatase activity in women with squamous and glandular malignancies of the reproductive tract, **1035**
Plasma cell differentiation, VS38: a new monoclonal antibody for detecting plasma cell differentiation in routine sections, **418**
Plasmacytoma, Different guises of plasmacytoma—from skin to bone, **951**
Plasmin, Markers of thrombin and plasmin generation in patients with inherited thrombophilia, **631**
Plasminogen activator inhibitor
Distribution of plasminogen activator inhibitor in normal liver, cirrhotic liver, and liver with metastases, **218**
Tissue plasminogen activator, plasminogen activator inhibitors, and activator-inhibitor complex in liver disease, **214**
Plasmodium falciparum, Upregulation of ICAM-I by *Plasmodium falciparum*: in vitro and in vivo studies, **653**
Platelet receptors, EDTA dependent pseudothrombocytopenia caused by antibodies against the cytoadhesive receptor of platelet gpIIB-IIIA, **625**
Platelets
Acquired pseudo-pseudo Bernard-Soulier syndrome complicating Gaucher's disease, **162**
Increase in mean platelet volume in patients with chronic renal failure treated with erythropoietin, **159**
Pleomorphic adenomas, Simultaneous bilateral pleomorphic adenomas of the parotid glands with unilateral tyrosine rich crystalloids, **362**
Pleomorphic giant cell tumour, An unusual epithelial pleomorphic giant cell tumour of the pancreas with osteoclast-type cells, **372**
Ploidy and proliferation indices, Image analysis derived ploidy and proliferation indices in soft tissue sarcomas: comparison with clinical outcome, **443**
Pneumocystis carinii
EB9, a new antibody for the detection of trophozoites of *Pneumocystis carinii* in bronchoalveolar lavage specimens in AIDS, **1108**
Granulomatous *Pneumocystis carinii* pneumonia: DNA amplification studies on bronchoscopic alveolar lavage samples, **664**
Pneumonia, Diagnosis of *Streptococcus pneumoniae* pneumonia by quantitative enzyme linked immunosorbent assay of C-polysaccharide antigen, **749**
Polycythaemia rubra vera, Polycythaemia rubra vera transforming to acute lymphoblastic leukaemia with a common immunophenotype, **471**
Polymerase chain reaction
Adenovirus pulmonary infections identified by PCR and in situ hybridisation in bone marrow transplant recipients, **973**
Clinical usefulness of detecting growth of *Mycobacterium tuberculosis* in positive Bactec phials using PCR: *correspondence*, **190**
Development of a PCR probe test for identifying *Pseudomonas aeruginosa* and *Pseudomonas (Burkholderia) cepacia*, **222**
HLA-DR typing for kidney transplants: advantage of polymerase chain reaction with sequence specific primers in a routine hospital laboratory, **609**
Improved current methods for amplification of DNA from routinely processed liver tissue by PCR, **466**
In situ hybridisation for the identification of *Helicobacter pylori* in paraffin wax embedded tissue, **862**
Multiple PCR analyses on trace amounts of DNA extracted from fresh and paraffin wax embedded tissues after random hexamer primer PCR amplification, **605**
PCR detection of HIV proviral DNA (*gag*) in the brains of patients with AIDS, **990**

PCR in situ hybridisation detection of HPV 16 in fixed CaSki and fixed SiHa cell lines, **933**
Polymerase chain reaction for detection of herpes simplex virus encephalitis, **554**
Polymerase chain reaction for screening clinical isolates of corynebacteria for the production of diphtheria toxin, **353**
Prevalence of human papillomavirus types 16 and 18 in penile carcinoma: a study of 41 cases using PCR, **823**
Rapid and specific diagnosis of t(11;22) translocation in paediatric Ewing's sarcoma and primitive neuroectodermal tumours using RNA-PCR, **562**
Rapid techniques for DNA extraction from routinely processed archival tissue for use in PCR, **318**
Sources of DNA for detecting B cell monoclonality using PCR, **493**

Polyploidy, Polyploidy in non-neoplastic tissues, **38**

Post-infantile giant cell hepatitis, Post-infantile giant cell hepatitis, histological and immunohistochemical study, **1022**

Pregnancy
Ethnic differences in lipid and lipoprotein metabolism in pregnant women of African and Caucasian origin, **1105**
Herpes hepatitis in pregnancy: *correspondence*, **478**
Investigation and management of haemorrhagic disorders in pregnancy: *leader*, **100**: *correspondence*, **569**, **570**
Pregnancy after treatment with hydroxyurea in a patient with primary thrombocythaemia and a history of recurrent abortion, **769**
Serum lipids, lipoproteins and apolipoproteins in pregnant nondiabetic patients, **728**

Prenatal diagnosis, Non-invasive prenatal diagnosis using fetal cells in maternal blood: *leader*, **1060**

Preparative electrophoresis, Purification of α_1-antitrypsin monomer by preparative electrophoresis, **661**

Primary immunodeficiency, Virus infections in primary immunodeficiency: *leader*, **965**

Prion disease, Perceptions of prion disease: *leader*, **876**

Procollagen, type 1, Type 1 procollagen as a marker of severity of scarring after sternotomy: effects of topical corticosteroids, **892**

Progesterone receptor, Immunohistochemical and biochemical analysis of the oestrogen regulated protein pS2, and its relation with oestrogen receptor and progesterone receptor in breast cancer, **240**

Proinsulin, Effects of changes in acid base and calcium concentration on fasting serum insulin, proinsulin, and glucose concentrations, **982**

Proliferating cell nuclear antigen
Comparison of labelling by bromodeoxyuridine, MIB-1, and proliferating cell nuclear antigen in gastric mucosal biopsy specimens, **122**
Expression of proliferating cell nuclear antigen in gastric carcinoma: no evidence for prognostic value, **473**
MIB-1, Ki67, and PCNA scores and DNA flow cytometry in intermediate grade malignant lymphomas, **18**
p53, c-*myc* p62 and proliferating cell nuclear antigen (PCNA) expression in non-Hodgkin's lymphomas, **9**

Proliferation markers, Which proliferation markers for routine immunohistology? A comparison of five antibodies, **1010**

Prostaglandin, Hypercalcaemia in Hodgkin's disease related to prostaglandin synthesis, **567**

Prostatic adenocarcinoma, Effects of combination endocrine treatment on normal prostate, prostatic intraepithelial neoplasia, and prostatic adenocarcinoma, **906**

Prostatic intraepithelial neoplasia, Effects of combination endocrine treatment on normal prostate, prostatic intraepithelial neoplasia, and prostatic adenocarcinoma, **906**

Prosthetic joints, Use of sentinel blood culture system for analysis of specimens from potentially infected prosthetic joints, **475**

Prosthetic ligaments, Histopathological features of failed prosthetic Leeds-Keio anterior cruciate ligaments, **375**

Protein pS2, Immunohistochemical and biochemical analysis of the oestrogen regulated protein pS2, and its relation with oestrogen receptor and progesterone receptor in breast cancer, **240**

Pseudo-pseudo Bernard-Soulier syndrome, Acquired pseudo-pseudo Bernard-Soulier syndrome complicating Gaucher's disease, **162**

Pseudoligand chromatography, Purification of α_1-antitrypsin monomer by preparative electrophoresis, **661**

Pseudomonas aeruginosa, Development of a PCR probe test for identifying *Pseudomonas aeruginosa* and *Pseudomonas (Burkholderia) cepacia*, **222**

Pseudomonas (Burkholderia) cepacia, Development of a PCR probe test for identifying *Pseudomonas aeruginosa* and *Pseudomonas (Burkholderia) cepacia*, **222**

Pseudothrombocytopenia, EDTA dependent pseudothrombocytopenia caused by antibodies against the cytoadhesive receptor of platelet gpIIB-IIIA, **625**

Psoriasis, Changes in numbers of epidermal cell adhesion molecules caused by oral cyclosporin in psoriasis: *correspondence*, **95**

Public health, Medical microbiology, infectious diseases, and the public health: a trio in search of harmony: *leader*, **97**

Pulmonary adenocarcinoma, Transforming growth factor β_1 as a prognostic factor in pulmonary adenocarcinoma, **1098**

Pulmonary aspergillosis, Management of pulmonary aspergillosis in AIDS: an emerging clinical problem, **805**

Pulmonary cytopathology, Diagnostic value of examining bronchial secretions in pulmonary cytopathology: *correspondence*, **477**

Pulmonary embolism, Seasonal variation in the necropsy incidence of massive pulmonary embolism, **58**; *correspondence*, **478**

Pulmonary haemorrhage, Simultaneous presentation of sarcoidosis and acute myeloid leukaemia: predisposition to pulmonary haemorrhage, **672**

Pure red cell aplasia, Pure red cell aplasia associated with malignant thymoma, myasthenia gravis, polyclonal large granular lymphocytosis and clonal thymic T cell expansion, **676**

Q

Q fever endocarditis, In vivo endogenous spore formation by *Coxiella burnetii* in Q fever endocarditis, **978**

Quality assurance, Joint Working Group on Quality Assurance in Pathology: guidance to the professions: *leader*, **1**

R

Radiotherapy, Can Ki67 immunostaining predict response to radiotherapy in oral squamous cell carcinoma?, **109**

Recombinant human GMCSF, Quantification of HIV by PCR in monocytes and lymphocytes in patients receiving antiviral treatment and low dose recombinant human granulocyte macrophage colony stimulating factor, **855**

Rectal biopsy, Observer variability in the histopathological reporting of abnormal rectal biopsy specimens, **48**

Recurrent abortion, Pregnancy after treatment with hydroxyurea in a patient with primary thrombocythaemia and a history of recurrent abortion, **769**

Red cell distribution width, Use of red cell distribution width and erythrocyte zinc protoporphyrin in differential diagnosis of α and β thalassaemia and iron deficiency, **205**: *correspondence*, **570**: *correction*, **870**

Renal biopsy, In vitro bromodeoxyuridine labelling of renal biopsy specimens, **1085**

Renal cell carcinoma
Intracapillary glomerular metastases in a nephrectomy specimen removed for ipsilateral renal cell carcinoma, **558**
Value of volume weighted mean nuclear volume in grading and prognosis of renal cell carcinoma, **324**

Renal disease, Value of electron microscopy in diagnosis of renal disease, **126**

Renal failure, Increase in mean platelet volume in patients with chronic renal failure treated with erythropoietin, **159**

Renal transplant allografts, Influence of nifedipine on interstitial fibrosis in renal transplant allografts treated with cyclosporin A, **839**

Respiratory infections, Prevalence of *Chlamydia pneumoniae* antibodies in patients with acute respiratory infections in Israel, **232**

Reticulocyte maturity, Reticulocyte maturity as an indicator for estimating qualitative abnormality of erythropoiesis, **736**

Rhabdomyosarcoma, Lipid rich rhabdomyosarcoma, **280**

Rheumatoid arthritis, Lymph node hyalinisation in rheumatoid arthritis and systemic sclerosis, **138**

Ritual ceremonies, Blood exchanged in ritual ceremonies as a possible route for infection with hepatitis C virus, **87**

Rotavirus infection, Impact of rotavirus infection on a paediatric hospital in the East End of London, **67**

S

Salivary glands, Diagnostic problems in fine needle aspiration cytopathology of the salivary glands: *leader*, **193**

Sarcoidosis
Detection of tumour necrosis factor α in sarcoidosis and tuberculosis granulomas using in situ hybridisation, **423**
Simultaneous presentation of sarcoidosis and acute myeloid leukaemia: predisposition to pulmonary haemorrhage, **672**

Schistosomiasis, Vitamin K dependent coagulation proteins in endemic hepatosplenomegaly in Egypt, **502**

Scotland, Regional and supraregional biochemistry services in Scotland: a survey of hospital laboratory users, **395**

Scrapie, Perceptions of prion disease: *leader*, **876**

Seasonal variation, Seasonal variation in the necropsy incidence of massive pulmonary embolism, **58**; *correspondence*, **478**

Sentinel blood culture system, Use of sentinel blood culture system for analysis of specimens from potentially infected prosthetic joints, **475**

Sepsis, Association of Clinical Pathologists' surveys of infection in British clinical laboratories, 1970-1989: *leader*, **391**

Septicaemia, Gram negative septicaemia diagnosed on peripheral blood smear appearances, **82**: *correspondence*, **681**

Shandon bags, Tissue artefacts caused by sponges: *correspondence*, **286**

Shoulder, *Yersinia enterocolitica* causing suppurative arthritis of the shoulder, **760**
Sickle cell disease, Monitoring the acute phase response to vaso-occlusive crisis in sickle cell disease, **166**
Signet-ring cell lymphoma, Signet-ring cell lymphoma of bone marrow, **184**
SiHa cell line, PCR in situ hybridisation detection of HPV 16 in fixed CaSki and fixed SiHa cell lines, **933**
Skin lesions, Imerslund-Grasbeck syndrome in a Chinese family with distinct skin lesions refractory to vitamin B_{12}, **956**
Small cell lung carcinoma, Observer variability in histopathological reporting of malignant bronchial biopsy specimens, **711**
Snake venom, The Taipan snake venom time: a new test for lupus anticoagulant, **497**
Soft tissue sarcomas, Image analysis derived ploidy and proliferation indices in soft tissue sarcomas: comparison with clinical outcome, **443**
Spectrophotometric tests, Estimation of haemoglobin concentrations using spectrophotometric tests: *correspondence*, **681**
Sperm granuloma, Secondary oxalosis and sperm granuloma of the epididymis, **470**
Spinal cord compression
IgD multiple myeloma with thoracic spine compression due to epidural extra-osseous tumour spread, **669**
Spinal cord compression due to extramedullary haemopoiesis in myelofibrosis, **464**
Splenic ultrasound, Use of splenic ultrasound: a new wave for immune thrombocytopenic purpura, **414**
Sponges, Tissue artefacts caused by sponges: *correspondence*, **286**
Spore formation, In vivo endogenous spore formation by *Coxiella burnetii* in Q fever endocarditis, **978**
Sputum
Detection of β lactamase in sputum, **732**
Evaluation of a safe sputum processing method for detecting tuberculosis, **411**
Squamous cell cancer of the cervix, Role of human papillomavirus in determining the HLA associated risk of cervical carcinogenesis, **1077**
Squamous cell carcinoma
Can Ki67 immunostaining predict response to radiotherapy in oral squamous cell carcinoma?, **109**
Coexistence of episomal and integrated HPV16 DNA in squamous cell carcinoma of the cervix, **253**
Squamous cell carcinoma antigen, Squamous cell carcinoma antigen as an adjunct tumour marker in primary carcinoma of the lung, **535**
Squamous tumours, Serum placental-type alkaline phosphatase activity in women with squamous and glandular malignancies of the reproductive tract, **1035**
Staphylococci, Pathogenicity and virulence of coagulase negative staphylococci in relation to adherence, hydrophobicity, and toxin production in vitro, **743**
Sternotomy, Type 1 procollagen as a marker of severity of scarring after sternotomy: effects of topical corticosteroids, **892**
Stochastic modelling, Cytological screening and management of abnormalities in prevention of cervical cancer: an overview with stochastic modelling, **430**
Stomach carcinoma, Carcinoma of stomach and breast with lymphoid stroma: localisation of Epstein-Barr virus, **538**
Stool culture, Stool culture: are you getting value for money?, **790**
Strangulation, Concealed homicidal strangulation first discovered at necropsy, **679**
Streptococcus pneumoniae, Diagnosis of *Streptococcus pneumoniae* pneumonia by quantitative enzyme linked immunosorbent assay of C-polysaccharide antigen, **749**
Subarachnoid haemorrhage, Bilirubin, ferritin, D-dimers and erythrophages in the cerebrospinal fluid of patients with suspected subarachnoid haemorrhage but negative computed tomography scans, **986**
Suppurative arthritis, *Yersinia enterocolitica* causing suppurative arthritis of the shoulder, **760**
Supra-patellar bursa, Chronic *Brucella* infection of the supra-patellar bursa with sinus formation, **764**
Sydney system, Histological study of chronic gastritis from the United Arab Emirates using the Sydney system of classification, **810**
Systemic sclerosis, Lymph node hyalinisation in rheumatoid arthritis and systemic sclerosis, **138**

T
T cell lymphoid aggregates
T cell lymphoid aggregates in bone marrow in idiopathic hypereosinophilic syndrome: *correspondence*, **478**
T cell lymphoid aggregates in idiopathic hypereosinophilic syndrome: *correspondence*, **287**
T cells, T cells in idiopathic hypereosinophilic syndrome: *correspondence*, **571**
Taipan snake venom, The Taipan snake venom time: a new test for lupus anticoagulant, **497**
Tamoxifen, Pathology of endometrium treated with tamoxifen, **827**
Teaching, Multiblock slides: a useful technique for teaching, **88**
Temazepam gel, Limb ischaemia after intra-arterial injection of Temazepam gel, **512**
Terminal ileum, Composite glandular-carcinoid tumour of the terminal ileum, **427**
Testicular seminoma, Testicular seminoma in a patient with pineal germinoma, **771**
Testicular vasculitis, Isolated testicular vasculitis mimicking a testicular neoplasm, **1121**
Thalassaemia
Guidelines for investigation of the alpha and beta thalassaemia traits: *leader*, **289**
Use of red cell distribution width and erythrocyte zinc protoporphyrin in differential diagnosis of α and β thalassaemia and iron deficiency, **205**: *correspondence*, **570**: *correction*, **870**
Thiamin, Automated microbiological assay of thiamin in serum and red cells, **639**
Thrombin, Markers of thrombin and plasmin generation in patients with inherited thrombophilia, **631**
Thrombocythaemia
Massive bone marrow necrosis and postnecrotic myelofibrosis in a patient with primary thrombocythaemia, **674**
Pregnancy after treatment with hydroxyurea in a patient with primary thrombocythaemia and a history of recurrent abortion, **769**
Thrombocytopenia, Pathophysiology of HIV related thrombocytopenia, **999**
Thrombocytopenic purpura, Use of splenic ultrasound: a new wave for immune thrombocytopenic purpura, **414**
Thrombophilia, Markers of thrombin and plasmin generation in patients with inherited thrombophilia, **631**
Thrombosis, Recurrent thrombotic occlusions of arteries and veins caused by intravascular metastatic adenocarcinoma, **858**
Thymoma
Observer variation in the histopathological classification of thymoma, **519**
Pure red cell aplasia associated with malignant thymoma, myasthenia gravis, polyclonal large granular lymphocytosis and clonal thymic T cell expansion, **676**
Thyroid changes, Endocrine and cytokine changes during elective surgery, **1049**
Thyroid papillary carcinomas, p53 expression in anaplastic carcinomas arising from thyroid papillary carcinomas, **337**
Tissue artefacts, Tissue artefacts caused by sponges: *correspondence*, **286**
Tissue plasminogen activator, Tissue plasminogen activator, plasminogen activator inhibitors, and activator-inhibitor complex in liver disease, **214**
Toxoplasmas, Use of three immunological techniques for the detection of Toxoplasma spIgA antibodies in acute toxoplasmas, **1101**
Toxoplasmosis, Use of a monoclonal antibody and a DNA probe for diagnosing acute toxoplasmosis in ambiguous cases, **853**
Transforming growth factor β_1, Transforming growth factor β_1 as a prognostic factor in pulmonary adenocarcinoma, **1098**
Transfusion, Diagnostic features of transfusion associated graft versus host disease, **541**
Translocation, Rapid and specific diagnosis of t(11;22) translocation in paediatric Ewing's sarcoma and primitive neuroectodermal tumours using RNA-PCR, **562**
Trephine biopsy, Late relapse in IgD myeloma: value of immunohistochemistry in trephine biopsy specimens, **773**
Tuberculosis
Association of Clinical Pathologists' surveys of infection in British clinical laboratories, 1970-1989: *leader*, **391**
Detection of tumour necrosis factor α in sarcoidosis and tuberculosis granulomas using in situ hybridisation, **423**
Evaluation of a safe sputum processing method for detecting tuberculosis, **411**
Tumour cytopathology, Cytopathology in the post mortem room, **714**
Tumour invasion, Recent advances in the study of tumour invasion and metastasis: *leader*, **385**
Tumour markers
CA 125 secretion by peritoneal mesothelial cells, **263**
Simple method for comparing reliability of two serum tumour markers in breast carcinoma, **134**
Squamous cell carcinoma antigen as an adjunct tumour marker in primary carcinoma of the lung, **535**
Tumour necrosis factor-α
Detection of tumour necrosis factor α in sarcoidosis and tuberculosis granulomas using in situ hybridisation, **423**
Hepatic expression of tumour necrosis factor-α in chronic hepatitis B virus infection, **1112**
Increased tumour necrosis factor α production by neutrophils in patients with hepatitis B, **616**

Turbidimetry, Comparison of two automated quantitative immunoassays for the determination of C reactive protein concentrations, **1119**
Tyrosine rich crystalloids, Simultaneous bilateral pleomorphic adenomas of the parotid glands with unilateral tyrosine rich crystalloids, **362**

U
Ulcerative colitis
Liver lesions found at colectomy in ulcerative colitis, **1019**
Multinucleated stromal giant cells in ulcerative colitis: *correspondence*, **382**
Neutrophil cytoplasmic antibodies (p-ANCA) in ulcerative colitis, **257**
Ultrasound, Use of splenic ultrasound: a new wave for immune thrombocytopenic purpura, **414**
United Arab Emirates, Histological study of chronic gastritis from the United Arab Emirates using the Sydney system of classification, **810**
Urotest AB antibacterial substance detection test, Evaluation of the Urotest AB antibacterial substance detection test, **1047**
Urothelium, Polyploidy in non-neoplastic tissues, **38**
Uterine corpus, Necrotising granulomas of the uterine corpus: *correspondence*, **381**
Uterine specimens, Processing of uterine specimens: *correspondence*, **382**

V
Vagina, Assessment of two methods for rapid intrapartum detection of vaginal group B streptococcal colonisation, **752**
Varicella zoster gastritis, Varicella zoster gastritis in a bone marrow transplant recipient, **1054**
Vascular injury, Immunohistochemical study of vascular injury in acute multiple sclerosis, **129**
Vasculitis, Comparison of cell adhesion molecule expression in cutaneous leucocytoclastic and lymphocytic vasculitis, **939**
Vaso-occlusive crisis, Monitoring the acute phase response to vaso-occlusive crisis in sickle cell disease, **166**
Venous grafts, Histological changes in venous grafts: *correspondence*, **94**
Very low density lipoprotein, Comparison of immunoturbidimetric and Lowry methods for measuring concentration of very low density lipoprotein apolipoprotein B-100 in plasma, **176**
Video review, An introduction to cervical cytology, **571**
Virus infections, Virus infections in primary immunodeficiency: *leader*, **965**
Visceral leishmaniasis, Liver morphology and function in visceral leishmaniasis (Kala-azar), **547**
Viscosity, Viscosimetric effect of fibrinogen, **1004**
Vitamin B_{12}, Imerslund-Grasbeck syndrome in a Chinese family with distinct skin lesions refractory to vitamin B_{12}, **956**
Vitamin K, Vitamin K dependent coagulation proteins in endemic hepatosplenomegaly in Egypt, **502**
Vitek system, Comparison of Vitek and Cobas Micro systems with a semiautomated conventional microsystem for identification and susceptibility testing of Gram negative bacilli, **71**
Volatile organic compounds, Metabolic and environmental origins of volatile organic compounds in breath, **1052**
Volume weighted mean nuclear volume, Value of volume weighted mean nuclear volume in grading and prognosis of renal cell carcinoma, **324**
von Hippel-Lindau disease, Papillary neoplasm of the endolymphatic sac in a patient with von Hippel-Lindau disease, **959**
von Willebrand's disease, Investigation and management of haemorrhagic disorders in pregnancy: *leader*, **100**: *correspondence*, **569**, **570**
VS38, VS38: a new monoclonal antibody for detecting plasma cell differentiation in routine sections, **418**

X
Xanthoderma, Xanthoderma: an unusual presentation of hypothyroidism, **850**

Y
Yersinia enterocolitica, *Yersinia enterocolitica* causing suppurative arthritis of the shoulder, **760**

Z
Ziehl Neelson staining method, Evaluation of a safe sputum processing method for detecting tuberculosis, **411**
Zinc, Zinc concentration in patients with iron overload receiving oral iron chelator 1,2-dimethyl-3-hydroxypyrid-4-one or desferrioxamine, **657**
Zinc protoporphyrin, Use of red cell distribution width and erythrocyte zinc protoporphyrin in differential diagnosis of α and β thalassaemia and iron deficiency, **205**: *correspondence*, **570**: *correction*, **870**
